Foresters 
Financial

**“To put it simply,
we’re driven to enrich
the well-being of the
everyday families
you serve.”**

MATT BERMAN
President, Foresters U.S.
Foresters Financial

Helping you succeed in today’s world

With Foresters, you have everything you need to stand out in today’s crowded marketplace — state-of-the-art products, tailor-made technology, expert sales support and an opportunity to make a real difference in people’s lives.

Our products and services are designed with middle-income families in mind. This market is a significant portion of the U.S. population. It has been largely underserved by many insurers, creating a \$25 trillion mortality protection gap.¹ That’s an incredible opportunity!

We are transforming the life insurance experience to meet the needs of this customer segment in ways you might not find with other carriers. Accessible coverage, community giving and living benefits give you a different story to tell when it matters most — in front of your clients.

We look forward to working with you.

Trust in a secure future

When people buy life insurance, they want an insurer that is strong and well-positioned for the future. With Foresters, you can give them that — and more.

Foresters origins date back to 1874 when The Independent Order of Foresters (IOF) was founded as a fraternal benefit society — a member-based insurance provider for everyday families.

Since those humble beginnings, we've grown into an international financial services provider with over 2 million members in the U.S., Canada and the U.K. We are financially strong with assets of \$14.2 billion, liabilities of \$12.6 billion, and a surplus of \$1.7 billion.^{2,3} For 21 consecutive years, the independent rating agency A.M. Best has given us an "A" (Excellent) rating for excellent balance sheet strength and operating performance.⁴

In 2020, Foresters paid \$684 million in insurance claims and benefits.² In addition, Foresters total dividend payout to eligible participating policyholders in the United States was \$24.7 million in 2019. Over the past 17 years, Foresters dividend interest rate has remained at or above 5.6%. The dividend interest rate in 2020 was 5.8%.⁵

As a fraternal benefit society, we manage our own financial reserves. Our Risk-Based Capital (RBC) ratio exceeds the National Association of Insurance Commissioners' (NAIC) guidelines.

Our purpose — enriching family and community well-being — means we are continually redefining our model to help you bring financial security and overall well-being to everyday families.

Know the differences: Foresters Accelerated Death Benefit Rider vs. Long-Term Care Insurance

Foresters Accelerated Death Benefit Rider (ABR) and long term care insurance ("LTCI") provide different types of benefits. Foresters ABR is a rider attached to a life insurance certificate. It provides the opportunity for the owner to accelerate a portion of the certificate's death benefit, if the insured is diagnosed with a chronic, critical or terminal illness, and receive a payment that can be used for any purpose. Payments are not linked to, nor do they require proof of, medical expenses being incurred. A payment under

ABR reduces the death benefit payable under the life insurance certificate and may affect other benefits and values, but if no payment is made the certificate's benefits and values are still available, as long as the certificate remains in effect. The accelerated death benefit will terminate with the certificate or earlier. Generally, LTCI provides reimbursement payments for expenses incurred, due to a prolonged or permanent illness or disability, and provides no death benefit or cash value. LTCI benefits are typically based

on evidence that the insured has incurred qualified long-term care expenses and the benefit, which may be subject to a maximum, is equal to the amount of expenses incurred. If LTCI benefits are not claimed they may be forfeited. There may be other differences between Foresters ABR and a specific LTCI product that your client may want to consider before making a decision to purchase. It's important that producers take time to understand these differences to ensure their clients are making informed decisions.

¹⁹ Foresters will pay the eligible designated charitable organization in the name of the insured. The designated charitable organization must be an accredited 501(c) (3) organization under the Internal Revenue Code and eligible to receive charitable contributions as defined in section 170(c) of that code.

²⁰ The Accelerated Death Benefit Rider provides an option to accelerate a portion of the eligible death benefit and receive a payment. The payment, due to diagnosis of an eligible illness, may be less than the acceleration amount which may be subject to a fee, an actuarial discount amount and other applicable deductions. Payment will decrease certificate values and benefits and may affect eligibility for public

assistance programs. Receipt of an accelerated death benefit payment under the rider is intended to qualify for favorable tax treatment under section 101(g) of the Internal Revenue Code (IRC). Specific situations may result in a taxable event. For New York certificates: **This is a life insurance certificate that accelerates the death benefit on account of chronic illness and is not a health insurance certificate providing long term care insurance subject to the minimum requirements of New York Law, does not qualify for the New York State Long Term Care Partnership Program and is not a Medicare supplement certificate (The Accelerated Death Benefit Rider (For Terminal Illness) does not include acceleration for a chronic illness).** For California certificates: **This is a life insurance certificate with a rider that also gives you the option to accelerate some or all of the death benefit in the event that you meet the criteria for a qualifying event described in the rider. This certificate does not provide long-term care insurance subject to California long-term care insurance law. This certificate is not a California Partnership for Long-Term Care program policy. This certificate is not a Medicare supplement policy.**

²¹ Insurability depends on answers to medical and other application questions and underwriting searches and review.

²² Foresters life insurance products and riders may not be available or approved in all states and are subject to eligibility requirements, underwriting approval, limitations, contract terms and conditions, and state variations. Refer to the applicable Foresters Producer Guide and the insurance contract for your state for these terms and conditions. Underwritten by The Independent Order of Foresters.

²³ For PlanRight – Basic, the Death Benefit is 100% of the face amount plus unearned premium minus debt in the event of accidental death during the first two years.

²⁴ Unearned premium will be added and debt subtracted from the applicable amount in calculating the death benefit. Debt includes each outstanding certificate loan amount and unpaid premium owed.

²⁵ Interest is compounded annually and is accrued on a daily basis to the date of death.

²⁶ Minimum face amount to qualify for certain non-contractual member benefits is \$10,000, Foresters member benefits are non-contractual, subject to benefit specific eligibility requirements, definitions and limitations and may be changed or cancelled without notice.

²⁷ Each outstanding certificate loan amount will be deducted from the Death Benefit.

²⁸ Insurability depends on answers to the application questions.
